

## RELIGIOUS EDUCATION PROGRAM

### CELL PHONE AGREEMENT

*Our goal is respect, peace, and cooperation.*

*Achieving this is the responsibility of all members of the Program.*

1-Volume on phones will be turned to off so that we cannot hear any notification sounds between the start of class and the end of class.

Parents with emergencies already know to call the Program Office at 772-337-4313 and, respecting your privacy, staff will notify you of any news.

2-During class, phones will be kept in pockets or purses – out of sight.

- After the first warning, if anyone in the class looks at his or her phone without permission, the entire class will take out their phones and place them upside down, an arm's distance away, on the table that the student is using as a desk.
- After that, if anyone attempts to use or uses a phone that is on the table, the entire class will place their phones on a table or countertop at the front of the classroom, within sight, but out of reach.
- Students will pick up their phones at dismissal, after the closing prayer.
